

School

School is great -
it makes me want to celebrate.
When I wake up
A smile crosses my face
because I know that school
is on its way.

Friends greet me,
and teachers, too.
“How are you?”
Everyone is so friendly here
they make me want to cheer!

When my first class is in session,
I get out all of my books,
I get ready to learn
And my teacher looks!

School is my second home
everyone watches me grow.
Well, I want to go learn...
....Rriinng! There goes the bell!
